Product	Chemical nature	Appearance	pH	Solid content %
Wetting Agent				
Gujliq A	Surfactant blend of speciality additives	Yellowish Clear Viscous Liquid	6 - 8	50 ± 2
Pre Tanning Syntans				
Gujtan GPR	Syntan based on Naphthalene condensate complex added with organic and inorganic materials with free of free formaldehyde	Light Brown Coloured Powder	3 - 4	Min. 95
Bleaching Syntans				
Gujtan BTA-1	Syntan based on Naphthalene sulphonic acid condensation with free of free formaldehyde	Brown Coloured Free Flowing Powder	1.2 - 1.9	Min. 94
Gujtan BTA-2	Syntan based on Naphthalene sulphonic acid condensation with free of free formaldehyde	Brown Coloured Free Flowing Powder	1.2 - 1.9	Min. 90
Minerals Tanning Agents				
Gujtan GHN	Syntan based on aromatic sulphonic acid with chrome and free of free formaldehyde	Green Coloured Powder	2.7 - 3.2	Min. 95
Gujtan GAL	Syntan based on Aluminium compounds with free of free formaldehyde	White Free Flowing Powder	3.5 - 4.0	Min. 98

Product	Chemical nature	Appearance	pH	Solid content %
Neutralizing Syntans				
Gujtan GA	Product based on organic and inorganic complexing agents added with buffering agents with free of free formaldehyde	White Crystalline Powder	7 - 9	Min. 98
Gujtan GKM	Syntan based on aromatic condensation products with buffering and complex active compounds and free of free formaldehyde	Brown Coloured Powder	7.5 - 8.5	Min. 95
Gujtan GNG	Syntan based on Naphthalene condensate complex added with organic and inorganic materials with free of free formaldehyde	Light Brownish Liquid	6.5 - 7.5	38 ± 2
Acrylic Syntans				
Gujtan GR-40	Organic acrylic co polymers with free of free formaldehyde	Milky White, Moderately Viscous Liquid	2.5 - 3.2	40 ± 2
Gujtan GRF	Synthetic resin tanning agent with free of free formaldehyde	Milky White, Moderately Viscous Liquid	4.8 - 5.2	45 ± 2
Gujtan GRE	Synthetic tannin materials based on acrylic polymers with free of free formaldehyde	Yellowish Clear Viscous Liquid	6.0 - 7.5	40 ± 2

Product	Chemical nature	Appearance	pH	Solid content %
Acrylic Syntans				
Gujtan GRV	Synthetic resin tanning agent with free of free formaldehyde	Colourless to Light Yellowish Viscous Liquid	4.5 - 5.5	30 ± 2
Gujtan GSA	Synthetic resin tanning agent with free of free formaldehyde	Colourless to Light Yellowish Viscous Liquid	6 - 7	30 ± 2
Gujtan MAP	Organic Maleic co polymers with free of free formaldehyde	Colourless to Light Yellowish Viscous Liquid	7 - 8	30 ± 2
Amphoteric Syntans				
Gujtan GAN	Syntan based on aromatic sulphonic acid condensation with free of free formaldehyde	Off White to Pale Yellow Coloured Powder	3.5 - 4.5	Min. 95
Replacement Syntans				
Gujtan GI	Syntan based on Phenol & Naphthalene condensation product with free of free formaldehyde	Slightly Brownish Coloured Powder	3 - 4	Min. 95
Gujtan GOS	Syntan based on Aromatic sulphonic acid condensate product with free of free formaldehyde	Pale Cream Coloured Powder	3 - 4	Min. 95
Gujtan GFL	Syntan based on organic sulphonic acid and nitrogen compounds with free of free formaldehyde	Pale Beige Coloured Powder	7 - 8	Min. 95

Product	Chemical nature	Appearance	pH	Solid content %
Whitening Syntans				
Gujtan GLE	Syntan based on Phenol condensation with free of free formaldehyde	White Coloured Powder	3 - 4	Min. 95
Gujtan DDS	Syntan based on Dihydroxydiphenylsulphone	Off White Coloured Powder	3 - 4	Min. 95
Dye Levelling				
Gujtan GTM	Syntan based on Naphthalene sulphonic acid condensate with free of free formaldehyde	Brown coloured Free Flowing Powder	7 - 8	Min. 95
Filling Syntans				
Gujtan GBC	Syntan based on Dicyandiamide with free of free formaldehyde	Light Brownish Coloured Powder	6 - 8	Min. 95
Gujtan GR-7	Syntan based dicyandiamide condensation products with free of free formaldehyde	Pale Brown coloured powder	8.5 - 9.5	Min. 95
Gujtan GB-6	Syntan based melamine resin condensation products with free of free formaldehyde	Cream Coloured Powder	6 - 8	Min. 95
Gujtan G-6	Nonpolymeric resin based on melamine with free of free formaldehyde	Slightly Brownish Powder	6.5 - 8.0	Min. 95

Product	Chemical nature	Appearance	pH	Solid content %
Filling Syntans				
Gujtan GFS	Syntan based on organic additive products with free of free formaldehyde	Beige Coloured Powder	8 - 9	Min. 95
Speciality Syntans				
Gujtan ZS	Syntan based on organic additive products with free of free formaldehyde	Pale Brown Coloured Powder	6 - 8	Min. 95
Gujtan GLB	Synthetic Aromatic tanning agent with free of free formaldehyde	Dark Brown Viscous Liquid	4 - 5	45 ± 2
Vegetable Tanning Extracts				
Gujtan Kutch	Syntan based on Catechol condensate product with free of free formaldehyde	Yellow Brown Coloured Powder	4 - 5	Min. 90
Fat Liquors Natural Oil Base				
Gujliq GIS	Anionic fatliquor based on fish oil and hydrocarbon	Medium to Dark Brown Coloured Free Flowing Viscous Liquid	8 - 9	60 ± 2
Gujliq GSP	Anionic synthetic fatliquor based on sulphited high molecular weight fatty ester	Brown Coloured Free Flowing Liquid	8 - 9	60 ± 2
Gujliq GPW	Anionic synthetic fatliquor based on sulphited high molecular weight fatty ester	Brown Coloured Free Flowing Liquid	6 - 7	50 ± 2

Product	Chemical nature	Appearance	pH	Solid content %
Lechithine Base				
Gujliq GBA	Combination of natural phospholipids with synthetic softeners	Yellowish Brown coloured paste	7 - 8	50 ± 2
Lanolin Base				
Gujliq GWG	Anionic fatliquor based on lanolin oil and special synthetic oils	Brown Coloured Free Flowing Viscous Paste	8 - 9	50 ± 2
Natural Synthetic Complex Base				
Gujliq VMC	Based on sulphonation of vegetable oil	Pale Yellowish to Brownish Clear Liquid	7.0 - 8.5	50 ± 2
Purely Synthetic and Solvent Base				
Gujliq GSN	Anionic synthetic fatliquor based on aliphatic hydrocarbons	Medium Brown Coloured Free Flowing Liquid	6 - 7	60 ± 2
Gujliq GS-14	Based on sulphonation of synthetic ester and aliphatic hydrocarbon	Brownish Viscous Liquid	6 - 7	60 ± 2
Polymeric and Amide Base Fat Liquors				
Gujliq DSL	Anionic fatliquor based on amide and special synthetic softeners	Cream Colour Viscous Paste	6.5 - 7.5	30 ± 2
Gujliq 786	Anionic fatliquor based on amide and special synthetic softeners	Yellowish Brown Free Flowing Viscous Paste	6.5 - 7.5	30 ± 2
